Christopher J. Nole

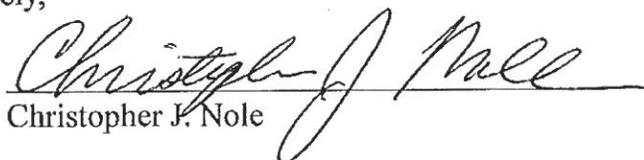

Dear Debra Scocchera,

As of August 13, 2014- I, Christopher J. Nole am requesting to submit my retirement papers due to being unable to perform my required job duties as a laborer. I am unable to execute the tasks which are mandatory as I was injured on the job which severely impacted my performance to walk, bend, lift and carry. As you are aware, I have had numerous surgeries/operations on my neck and lower back to try to repair the issues I was having. Unfortunately the result of my surgeries were not as I expected and I am still in severe pain that causes me not to be able to live and resume my life as it was prior to my injuries occurring.

At this time, I would like to thank the Town/Village of Harrison for employing me for the last twelve years. It was a pleasure working for the highway department and the town it self. I always came to work happy, willing to work and performed my absolute best every day. I enjoyed every task that was given to me especially the tree work. I will always miss being able to work and do the things I am so use to doing for so many years. Being employed for the Town/Village of Harrison was one of the happiest times of my life and I respect everyone who gave my the opportunity to be part of the team.

Again, thank you for all understanding and being so kind to me at this hard time in my life. I greatly appreciate everything that you have done for not only me but also my family.

Sincerely,

  
Christopher J. Nole
