Harrison, NY 10528

Dear Mayor Belmont,

I am writing to request permission this year to travel through your jurisdiction on **Saturday, October 10, 2015** for an event called Wall Street Rides FAR. Wall Street Rides FAR ("For Autism Research") is a one-day, charity bike ride raising funds to support the Autism Science Foundation. This family-friendly event will offer the choice of a Metric Century (62 mile), 35 mile and 14 mile bike ride. There will be an estimated 250 participants.

The Autism Science Foundation's mission is to support autism research by providing funding and other assistance to scientists and organizations conducting, facilitating, publicizing and disseminating autism research. The organization also provides information about autism to the general public and serves to increase awareness of autism spectrum disorders and the needs of individuals and families affected by autism.

Wall Street Rides FAR is a fully supported event, not a race, with people of all ages, shapes, and sizes riding side by side. It will be a fun and rewarding experience for all involved.

We maintain a comprehensive \$5 million liability policy and would be happy to include the Town of Harrison upon your request.

I have enclosed the route that we propose to use to travel through your jurisdiction. Please review the enclosed materials. We are not asking for any roads or lanes to be closed during our event. **If permission is granted, please fill out, sign and return the Notification and Approval of Event form attached.**

Since our proposed route winds its way briefly through your jurisdiction, we expect riders to be riding through your area from approximately 7:15 am to 2:00 pm on October 10, 2015. We would like to request officer assistance exiting and entering onto Route 120 in and out of our open and close location at Manhattanville College.

Please feel free to call me at 212.989.1111 or email at rroth@globalimpactpro.com to discuss this request. We look forward to partnering with you to make a difference in the fight against autism in our community.

Sincerely,

Bob Roth
