Mayor Ronald Belmont and
Members of the Village Board
Town of Harrison
1 Heineman Place
Harrison, New York 10528

Dear Village Board Members:

Approval is requested for Purchase Order 340469, issued to Major Police and Fire Supply, for the purchase of five (5) 4-camera ALPR (License Plate Reader) systems; in the amount of \$84,150.00.

Equipment is being purchased under Contract# PC63041, awarded by New York State. Funding is available in the 2012 Police Equipment Capital Budget, Project #12PO23, Account # 006-3120-100-98-70.

Respectfully submitted,

Gail Frohlich

REF: Four Camera ALPR Systems (5)

12483

Major Police Supply is pleased to provide you with this quote for five, four camera ALPR systems. Systems will be installed by a vendor chosen by the Harrison Police Department. The pricing is based on the New York State Contract; Group 38232, Award 19745; Contract Number PC63041.

Key points about PIPS (3M) in the ALPR market:

- For more than 20 years PIPS focus is specializing in Automatic License Plate Recognition technologies and is considered by many as the industry pioneer in this market.
- As an Original Equipment Manufacturer, PIPS, manufactures, and develops their own hardware and software – and control the quality and support of their products from start to finish.
- PIPS offers an ALPR “back-end” analysis software package (BOSS) that provides data-mining of “historic” license plate information obtained and stored from all deployed mobile (and fixed) systems within your department.
- PIPS has two patents:
 - **PlateFinder** – Identifies license plates based on reflective properties and physical size of plates, which reduces false triggers (mailboxes, picket fences, street signs, etc.).
 - **TripleFlash** – Varies flash, shutter and gain settings to capture multiple images per vehicle, ensuring a quality image over a wide range of ambient and environmental conditions.

		Equipment / Software	Unit Cost	Total Cost
1	5	SLATE-810-LE-P Four Camera Mobile Law Enforcement Package including 810nm illumination, SuperX processor, camera cable/connector(s), GPS module, PAGIS software, PIPS ALPR/OCR Engine, Client/Server architecture, camera bracket mount assemblies	\$16,830.00	\$84,150.00
		TOTAL		\$84,150.00
