Dear Members of the Town Board

January 26, 2016

On August 25, 2015 the board of Westchester Joint Water Works approved the following project: New 16 inch Water Transmission Main, N. Barry Ave to Macy Road

<u>Project #</u>	<u>Amount Authorized</u>	<u>Amended Date</u>	<u>Amended Amount</u>
A1310	\$2,150,000	Jan. 12, 2016	\$2,500,000

This is a joint project. Shares as follows:

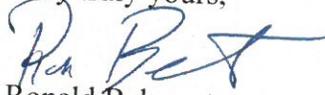

Village of Mamaroneck \$682,500 Town of Mamaroneck \$462,500  
Town/Village of Harrison \$1,355,000

The project encompasses the installation of approximately 9,000 ft. of water transmission main that will facilitate the distribution of UV treated water from Shaft 22 of the Delaware Aqueduct throughout the WJWW system during non-irrigation periods. It will also enhance the redundancy within the system. As per WJWW this project is key to WJWW meeting regulatory requirements.

WJWW is applying for a grant that could provide up to 60% of \$2.2million (the amount for project total cost is capped by NYS at \$2.2million) or approximately \$1.3 million of funding. In order for WJWW to proceed with the grant request Harrison must first pass a bond resolution for the full amount of our share of \$1,355,00. This resolution will be presented to the board at the February 10<sup>th</sup> Village Board Meeting.

Kindly adopt a resolution approving this project.

Very truly yours,

  
Ronald Belmont  
Supervisor/Mayor  
Town/Village of Harrison
