MADISON'S FUNDRAISING RIDE FOR KIDS WITH TYPE 1 DIABETES

On 12/12/15 our Madison was diagnosed with Type 1 Diabetes at the age of 10. Type 1 Diabetes (formerly known as juvenile diabetes) is an autoimmune disease that affects only 5% of the entire diabetic population. This disease requires constant monitoring of blood glucose levels and T1 diabetics receive multiple insulin injections throughout the day, every day. As of today there is no cure!

PROCEEDS FROM THIS EVENT WILL ALLOW CHILDREN AFFECTED BY TYPE 1 DIABETES TO GO TO SPECIAL CAMPS AND GET THE LIFESAVING SUPPLIES THEY NEED.
