Re: Stormwater Quality Improvement Project

Dear Supervisor Belmont and Members of the Town Board:

As you are aware, the Town has been part of a consortium that has received several grants that have provided for the mapping of our stormwater infrastructure. The consortium has received another grant to locate and add underground pipe data to the information already collected. At the completion of the project, the Town will have a fully mapped stormwater system. The Town will be responsible for contributing \$4,602.00 to the project in the form of in-kind services.

Authorization is requested for the Supervisor to pass the attached resolution, which authorizes the execution of the Intermunicipal Agreement.

Respectfully submitted,

Michael J. Amodeo, P.E., CFM  
Town/Village Engineer
