Re: SealCoating, Inc.
2015 Microsurfacing Project

Dear Mayor Belmont and Members of the Village Board:

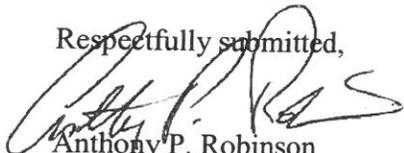

This letter shall serve as a formal request to the Board to authorize the Purchasing Department to issue a Purchase Order to SealCoating, Inc. in the amount of \$156,058.49 for additional microsurfacing materials in excess of the amount of the Purchase Order originally approved by the Board in 2014.

The additional materials were necessary due to the unusually harsh winter weather which caused additional pavement distress and to improve the existing imperfections in the profile and cross sections of the roadways which were treated.

The additional payment is for the actual amounts of materials put in place and verified by material delivery tickets. All materials were provided under New York State OAS Contract, Group #3155, Award #2287.

Further, funding is available in the 2015 DPW Capital Budget.

Respectfully submitted,

Anthony P. Robinson
Commissioner of Public Works
