Re: Formation of New Drainage District  
Lincoln Lane, Purchase, New York

Dear Supervisor/ Mayor Belmont and Members of the Town/Village Board:

We represent various owners of properties along Lincoln Lane requesting a drainage district to alleviate current drainage problems impacting several properties along Lincoln Lane. Enclosed please find an original and ten copies of a petition ("Petition") signed by 7 of the 10 homeowners of the proposed drainage district as provided in the attached map coordinated with the Town Engineering Department.

Lincoln Lane currently experiences destructive erosion and damaging storm water conditions due to the inadequacy of storm water drainage infrastructure along Lincoln Lane. This condition has existed for some time and it grows more troubling with each passing year. As you are aware the Board may act pursuant to a petition under Town Law Article 12-A to establish special improvement districts for affected properties which would address such conditions with special assessments thereafter to the property owners within the district. The Petition acknowledges that there will be a special assessment against each of the properties in the district in connection with the design and construction of the proposed improvements. In advance of submitting this Petition we did meet and consult with Town Engineer Amodeo and Attorney Cipolla to discuss this initiative.

We respectfully request that this matter be placed on the next available Board agenda for purposes of adopting a resolution to establish a new drainage district and authorize the preparation of a plan to address the concerns noted above.

Should you or other officials have any questions regarding the foregoing or enclosed, please do not hesitate to contact me at (914) 761-1300. Thank you for your time and consideration in this matter.

Very Truly Yours,

Daniel M. Laub
