*Assessment Clerk*

V-E-3

December 10, 2013

Mayor/Supervisor  
Honorable Town Board

Having recently completed a significant milestone of completing a data base of our assessment records and scanning our property cards into our assessment program, we are looking to make our data available to the public. We now have a kiosk with printer in our office, but are looking to make our records available to the public via the internet. Many surrounding communities have already created such sites for the public. This is the final step for Harrison. We were presented with a contract to do the set up and installation, and ask that the expenditure of \$1,500 be approved. A review of the contract by our law department and the release of said monies are required. Approval by the Mayor/Supervisor has been granted. Monies are encumbered. Thanking you in advance for your support and consideration.

  
Mark Heinbockel  
Assessor
