Re: 2021 Capital Request – Pavement Rehabilitation

Dear Mayor Belmont and Member of the Village Board:

Village Board authorization is requested for approval of the Pavement Rehabilitation item from the 2021 Proposed Department of Public Works Capital Budget in the amount of \$2,300,000. This funding is requested in advance of the 2021 DPW Capital Budget Proposal to be submitted shortly. I have attached a copy of the Rehabilitation List for your information and review.

Approval of these funds at this time will enable the department to continue the pavement rehabilitation program as outlined in the Pavement Management Study performed in 2015. We would like to begin the work in a timely fashion. This year it is expected that crews will be in high demand due to backlogged work created last year by the impact of the COVID-19 pandemic.

A bond resolution will also be brought to the Board.

Respectfully submitted,

Anthony P. Robinson
Commissioner of Public Works
