Re: Muchmore Road - Traffic Change

Dear Supervisor Belmont and Members of the Town Board:

It is recommended to convert the two-way section of Muchmore Road, from Lawrence Lane to North Street (Rt. 127), into a one-way (Westbound), eliminating the traffic approach to the North Street intersection.

The Muchmore Road approach to North Street has been studied in detail by both the Police Department and the Engineering Department, and has been found inadequate due to limited sight distances to the north.

Nearby access to Rt. 127 is available through neighboring Stratford Road, to the north, and Sterling Road, to the south.

Needed improvements to effectuate this change will include signage (one-way / do not enter), curb line modification, and the formation of a standard "T-intersection" to replace the Muchmore Road / Lawrence Lane triangle intersection.

If authorized, a detailed design will be formed in order to contract out the roadwork improvements.

The scope is detailed in the attached documents.

Respectfully submitted,

Michael J. Amodeo, PE, CFM
Town/Village Engineer
