Re: Hepatitis B Vaccinations

Supervisor/Mayor Belmont and Members of the Town Board:

I respectfully request eight (8) of our police officers receive the Hepatitis B Vaccination as required by the OSHA Bloodborne Pathogens standard, 29 CFR 1910.1030 and the Harrison Police, Manual of Procedures. The department is required to offer the vaccination to all employees at no cost to the employees of the Harrison Police Department.

Rye Brook Cardiology & Vascular Medicine will administer the vaccinations at a cost of \$100.00 per injection. Depending on officers past medical history and situation, they may require 1-3 shots total, within a six month period.

The estimated cost of all the vaccinations with onsite visits are \$2,400.00.

Respectfully submitted,

Joseph J. Yasinski
Chief of Police

JJY/jc
