October 7, 2021

To: Supervisor / Mayor Ron Belmont

Members of the Town Board

1 Heineman Place

Harrison, NY. 10528

---

Mr. Supervisor and Members of the Town Board,

Request by Chief Pat Galluzzo of Fire District # 1, to purchase a 2021 Chevrolet 2500 series pickup truck as a utility vehicle for the department. As you know my spare utility vehicle was in an accident last month in which the truck was totaled, it's being stored at my training facility at Parks Lane.

This truck will be a value add especially for transporting men, equipment, pumps, hose, ect to fire and accident scenes. Attached you will see the state contract for the truck and the associated equipment that will be needed to equip the vehicle.

Requesting the amount of \$ 60,000.00 which would come from my fund balance.

In addition, kindly authorize the purchasing department to issue purchase orders to Denooyer Chevrolet for \$ 43,665.50 for vehicle purchase, and another purchase order to Hudson Valley Fire equipment, LLC for an amount not to exceed \$ 16,000 for lighting and radios.

Your attention to this request is appreciated.

Respectfully Submitted,

Chief Pat Galluzzo
