

## The Town/Village of Harrison Private Sewer Lateral Program Enrollment Form, 2023

We are excited to offer you the opportunity to participate in the Town/Village of Harrison Private Sewer Lateral Program. This program is designed to save you from the unforeseen costs and hassles of repairing or replacing your private sewer lateral.

Your private sewer lateral is the pipe that connects the plumbing in your home running under your front yard and connecting to the sewer main in the street. It is your responsibility as a homeowner to maintain and repair this underground pipe to ensure that there are no leaks or breaks. The average home in Harrison has its original sewer lateral from the 1940s that has exceeded its working lifespan of 50 years. If ignored, this outdated sewer lateral will break, crack, and leak, causing sewer backups in your home.

This is the first annual enrollment period for the program. Enrollment for this program begins **April 15, 2023, and lasts thru May 15, 2023.**

*This is an Opt-Out program. If you do not wish to participate in the program, check the box below and send this form back to the address below prior to May 15, 2023.*

*If you would like to participate in the program, you are not required to return this form.*

☐

*I wish to Opt-Out of the program. I understand that by checking this box and opting out of the program, I will not be enrolled in the Private Sewer Lateral Program.*
