Gentlemen;

The Purchase Fire District has received voter approval for a renovation and expansion to our fire house located at 614 Anderson Hill Road, Purchase, NY. In the near future we will be applying for various permits related to the project. This project is being funded by the residents and businesses of the Purchase Fire District through taxes. We therefore request that the Town of Harrison waive the permit fees.

Thank you for your consideration.

For the Board of Fire Commissioners,

Robert Makowski  
District Secretary
