

FIRST PERSON SPORTS TACTICAL LASER TAG

"as close as you can get to a live video game"

PRESENTED BY:

HARRISON RECREATION

FIRST PERSON SPORTS uses the most advanced tactical laser tag equipment in the industry. Many of you have played "laser tag" at some point but FPS/TLT takes that 40 year old technology and brings it into the modern age. Tactical Laser Tag isn't just "laser tag"...or even "outdoor laser tag" it is a combination of cutting edge equipment, the most experienced operators in the sport, and the most engaging game format in the industry. These elements combine to create, simply put, the best game experience the laser tag industry has ever seen. This is something you can't get ANYWHERE else!
