Re: System Hardware Upgrade for Repository for Integrated Criminalistic Information
- R.I.C.I.

Mayor Belmont and Members of the Town Board:

I respectfully request that the Town Board approve the upgrade to the departments R.I.C.I. machine, this machine is approximately ten years old and the hardware is obsolete and no longer under warranty. Attached is an itemized list of each item of hardware required, along with service and installation and annual support service.

The total cost of this upgrade will be \$22,000.00 and is budgeted in our Capital Budget.

Respectfully submitted,

Anthony Marraccini
Chief of Police

To: Chief Anthony Marraccini

From: Police Officer Frank Morabito

Subject: System Hardware Upgrade for Repository for Integrated Criminalistic Information- R.I.C.I.

The following is a quotation to upgrade the hardware for the R.I.C.I. System. This quotation is from Connetix Inc. The reason for this upgrade is the hardware currently being used is approximately ten years old. The hardware is obsolete and no longer under warranty. The R.I.C.I. System is comprised of five different pieces of hardware. Due to the age of the hardware, and the non compatibility between the old and new hardware, it is not possible to replace one piece of hardware at a time. Below is an itemized list of each piece of hardware required, along with service installation and annual support service. Total system comes with a one year warranty. The One year warranty includes 24/7 support for both Hardware and software support.

Hardware

1. Client Workstation- Processing station \$2,093.00
2. Signature Pad \$440.00
3. Digital imaging system- mug shot or civil image capture \$1,050.00
4. Pan tilt motor \$243.00
5. 500PPI Palm, Slap, and Roll live scan- appliance only \$14,663.00

Services

1. Installation of hardware and software on site client \$1,600.00
2. One Year warranty upgrade to 24/7 support \$656.00

The total cost for the RICI System Hardware upgrade is approximately \$22,000.00.

Annual Technical Support

1. Hardware-Level 2 24/7 support \$2951.00
2. Software-Level 2 24/7 support \$3354.00

Note: Annual Technical support will have to be added to the budget on yearly basis, once the one year warranty expires. The total for Level 2 support on Hardware and Software: \$6,305.00 per year.

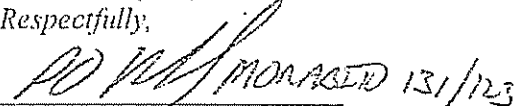

Note: Level 2 support is 24/7 support along with hardware and software replacement if warranted!

Once the purchase order is received the upgrade will take place within 30 days.

The upgrade will take one business day.

See attached quote from Connetix Inc.

Respectfully,

PO. F. Morabito
