2014 - - 423 OLD BUSINESS

PROPOSED HOUSING TO BE BUILT AT SUNY PURCHASE

Mr. Alan Lieberwitz a resident of Purchase addressed the Board. He explained to the Board that he had attended the Purchase Fire Department public hearing on October 21, 2014 in connection with their budget for 2015. During that meeting I learned that one of the issues the Fire Department had was in connection with proposed housing that was going to be built at SUNY Purchase. Apparently this originated with a law passed in 2011 and that legislation was something which escaped a lot of us if not everybody. In the course of talking with the fire department during the meeting, he said he was under the impression that the Purchase Fire Department and the Harrison Emergency Medical Service are anticipating an increase in services. He said it was also his understanding that each of the three fire departments are funded independently of each other. The Purchase Fire Department is funded in a separate fire district. He went on to say that those of us who live in Purchase will be baring the brunt of this new housing and the costs associated with providing services. We also learned that none of the construction proposed at SUNY Purchase needs to pass any kind of local review or environmental testing. They don't need to pay anything in lieu of taxes and all the rest. Mr. Lieberwitz went on to explain that he believed one of the reasons for this building is based upon the theory that this is for educating seniors. It is not being built on the need for affordable senior housing. Mr. Lieberwitz explained that he was raising the issue here and to the Town Board to say that this seemed to have gone somewhat unquestioned, and almost as a given. The State Legislature passed it and therefore we are powerless. I'm suggesting not so fast. They probably have some hurtles that they need to be at least required to justify. On November 19th at 7:30 PM the President of State University of New York (SUNY) at Purchase will be speaking at the Purchase Fire Department. We are inviting any number of people who want to come and listen. The President of SUNY said he wanted to address whatever rumors existed on this planned development. I think this is an opportunity for somebody from the town to be able to come and also indicate whatever concerns that they may have and find out just what they are going to do.

Supervisor Belmont said we have a Town Board meeting that evening but I will put this information in my weekly column. The Town is aware of this. I have met with the President and elected officials that represent us at the State level but it seems you have gotten more satisfaction from these people then I have. When it comes to SUNY Purchase we have little or nothing to say about it; they don't have to pass any of our building codes or restrictions. Residents should come out and voice their opinions.

Mr. Lieberwitz said this is private development and it is for profit. The legislation was passed but it wasn't passed with any restrictions what so ever and I think it is incumbent upon us to determine exactly what restrictions do exist in the law and make sure they follow it to the letter of the law. We need to make certain that we get other towns, such as Rye Brook and Greenwich involved to because this is going to impact them too. Mr. Lieberwitz ended his discussion by explaining to the Board that Legislation passes but legislation can also be amended.
